Longmont, CO – Longmont Humane Society Receives \$25,000 Grant from Sam’s Club

June 30, 2016, Longmont, CO. Longmont Humane Society (LHS) announced today that it has received a \$25,000 grant from Sam’s Club in support of its Well Pet Clinic Expansion campaign. Sam’s Club presented the check to LHS at the grand opening celebration of their new location at 1200 South Hover Road in Longmont. The grand opening celebration focused on the company’s commitment to the Longmont community by awarding nearly \$35,000 in grants to several local nonprofit organizations, including the gift to LHS.

LHS's Well Pet Clinic provides affordable veterinary care to the greater Longmont community. Services include a full range of veterinary care including wellness exams, spaying and neutering, dentistry, general surgery, heartworm testing and treatment, vaccinations, laboratory testing, radiographs, and microchipping. In 2015, over 9,000 community pets were treated at the clinic.

To meet the increasing demand for these services, LHS is modifying and expanding their existing facility. The expansion will include the addition of a new 349 square foot clinic lobby, a new 114 square foot exam room and improved overall efficiency of a space that currently serves both the shelter and public pet populations. The estimated cost of the expansion of the facility is \$125,000 dollars.

LHS is partnering with Sun Construction & Facility Services, Inc. who has provided a plan for the expansion and will be completing the work. LHS hopes to break ground on the clinic expansion in November, 2016.

LHS is a 501(c)(3) with the mission of caring, serving and educating to improve the lives of companion animals.
